Why you should consider Camp Staff:

Camp staff provides opportunities to learn leadership skills, explore outdoor activities, meet new friends, and get paid for the summer! 150 staff members are hired each summer to teach Scouts all types of outdoor skills.

Salaries

Get paid for working at summer camp! Salaries depend on certifications, relevant experience, and job responsibility. Meals and housing are also included.

Counselors-In-Training (CITs)

Scouts who are at least 14 years old can come out as a CIT to understand what camp staff is all about. They have the option to work at both camps for part of the summer.

Time Off

Daily and weekly schedules vary and depend on the camp you work at and job position. The summer camp dates can be seen to the right.

Length of Employment

Work all summer at camp! The summer season is June and July. In some cases, we can be flexible with summer conflicts.

Summer Internship

Earn college credit by working directly with your supervisor to complete additional projects or requirements throughout the summer.

Staff Culture

Camp staff are role models for the Scouts and make a positive influence on young lives. As part of the Scouting community, we expect staff to live out the Scout Oath and Law. Throughout it all ... we have FUN!

"It's a job ... where you teach kids while having fun. It's just the best thing you can do with your summer."
