

Tri-State High Adventure Base at Little Sioux Scout Ranch

2015 Inaugural Year

Missouri River Experience

June 14th - June 20th: T-SHAB Week 1.

July 12th - July 18th: T-SHAB Week 3.

June 21st - June 27th: T-SHAB Week 2.

July 19th - July 25th: T-SHAB Week 4.

- Canoe up to 150 miles down the “Mighty MO”, visiting State and National Parks along the way.
- Camp in a diverse series of settings, from primitive campsite on the river to “city camping” in Sioux City.
- See areas of the Missouri River rarely seen by travelers since the days of Lewis and Clark; stop along the way on remote islands and sandbars that have never felt a human foot.
- On your Expedition, you can expect great programming at some of the following stops:
 - ❖ **Little Sioux Scout Ranch:** All Expeditions begin and end at LSSR, in the beautiful Loess Hills on Iowa. Crews will get specialized river canoe training, including water rescue and river navigation, to aid them on their journey.
 - ❖ **Ponca State Park:** Practice archery, go swimming, participate in an available horse ride, and more!
 - ❖ **Sioux City:** Learn the history of the Missouri River first-hand as you explore Louis and Clark Interpretive Center, along with other historical markers. Then visit the Long Lines Recreation Center to climb their 42-foot indoor climbing wall!
 - ❖ **Beck Memorial Park:** This river-side camp is a great balance of “rustic” camping for the Crew, but with all the comforts of home...including a POP MACHINE! Crews will have a chance to cook a “Lewis & Clark Inspired Meal” and enjoy a night of Scout games. (Leaders will have a chance to enjoy a shower!)
 - ❖ **Riverfront, Omaha:** Those Crews completing the entire “T-SHAB 150” will land at the historic Lewis & Clark Landing, arriving in full view of the beautiful Omaha city skyline.

Boy Scouts and Venturers interested in participating in a T-SHAB Adventure MUST be at least 14 years-of-age, be able to pass a BSA “Swimmer” Test (in a lake), and have strong canoeing skills. Scouts/Venturers who are deemed by T-SHAB Staff to lack the necessary skills for river navigation will NOT be allowed on the Trek.

Information on this exciting program coming soon to www.GoScoutCamping.org
